Another Paper for Pierce!

The London *Post* of September 5th, con-

tains the following pregnant paragraph:

"The two parties of the Republic, Whig and

Democrat—that is, Conservative and Progressive,

Protective and Free-Trader—appear to have

marshalled their forces, and are ready for battle."

EVERY G-  
EAT MAN IN THE COUNTRY, every state, REJOICES

IN THE EXPECTATION OF SUCCESS FOR

THE DEMOCRATIC, PROGRESSIVE, FREE-

TRADE PARTY."

We find no fault with the British press for ad-

vocating, thus earnestly, the election of Francis

Pierce. They do but stand up for their own

interests. The success of Mr. Pierce and of the

British Free-Trader party which supports him

is due to the hopes of American Labor, is

due to the Capitalists and Manufacturers of Eng-

land. They see plainly enough in that event,

the destruction of AMERICAN MANUFACTURES and the

monopoly of the American Market by their

British rivals. What wonder, then, that the Eng-

lish press, with one voice, "refuses in the expec-

tation of success for the democratic, Free-Trade

party."
